Model	Weight	Capacity	Cutting Width	Tires
12 GE	26,500 lbs	12 yd ³	144"	20.5 x 25
15 GE	26,925 lbs	15 yd ³	144"	20.5 x 25
18 GE	29,260 lbs	18 yd ³	168"	20.5 x 25
22 GE	29,900 lbs	22yd ³	168"	20.5 x 25

The GE Series Scraper has heavy duty gate assembly operated by a 6" bore hydraulic cylinder. The gate is constructed of high strength steel for long life.

The GE series ejector scraper has a scissor ejection made of high strength steel that works smoothly forcing out any type of soils

The rigid tandem carriage has four independently mounted 20.5 x 25 grader tread tires for excellent flotation and the hubs are heavy duty for long life.
